

PNCconf encountered an error. The following information may be useful in troubleshooting:

LinuxCNC Version: 2.8

Traceback (most recent call last):

File "/usr/lib/python2.7/dist-packages/pncconf/pages.py",
line 1163, in on_xaxistune_clicked

def on_xaxistune_clicked(self, *args): self.t.tune_axis('x')

File "/usr/lib/python2.7/dist-packages/pncconf/tests.py", line
689, in tune_axis

print >>file, "setp " + self.step_signalname +
".direction.invert_output true"

TypeError: descriptor 'write' requires a 'file' object but
received a 'str'
